جامعة الدمام
UNIVERSITY OF DAMMAM

You are cordially invited to
participate in our forthcoming symposium and workshop at the
University of Dammam, College of Nursing

To be held on February 4 & 5, 2015 titled:

"Emergency Care: The Golden Hour & Beyond "

The symposium is designed to provide an opportunity for healthcare professionals seeking innovative approaches to emergency care. It focuses on the management of patients during the first "golden" hour where appropriate management can mean the difference between life and death.

The one-day pre-symposium workshop will be composed of a hands-on workshop titled: "Simulation-based training to Improve Quality of Care during Cardiac Arrest Team Response". The symposium and workshop are directed toward nurses, physicians, surgeons, and healthcare professionals committed to acute care and emergency medicine and nursing.

Symposium Director
Professor Dalal Al-Tamimi
Dean of College of Nursing
University of Dammam
