Dear colleagues,

It gives us an immense pleasure to cordially INVITE you to participate in the UNIVERSITY OF DAMMAM and WAYNE STATE UNIVERSITY

CONFERENCE ON CLINICAL, PATHOLOGIC & MOLECULAR MEDICINE

February **15th-19th, 2015**

The 5 days scientific program is designed* to highlight the latest upcoming diagnostic and clinical approaches to optimize the management of our individual patients. The program is assembled by joint efforts of a distinguished team from both Universities with a unique blend of clinical, and pathological integration.

The first two pre-conference days will compose of specialized pathology short courses and USCAP - style case based presentations. **The following three days** will feature a dynamic presentation of realistic clinical scenarios encompassing a wide disease spectrum within the multidisciplinary aspects of the conference.

With participant's engagement in the end of the case discussions being a cornerstone of this dynamic format, we count on your presence, enthusiasm and involvement. Let us unanimously resolve to make it an academic milestone.
