Brief Description of Undergraduate Courses Taught: (Course Title – Code: Description)

| | | | |
|---|-------------------------------|----------|---|
| 1 | Principles of Business Law | LAWP 205 | This course introduces the fundamental principles of law in general, with a particular emphasis on the principles of commercial law. |
| 2 | Legal aspects of insurance | INSU309 | This course explains how to legally apply the fundamental principles of insurance |
| 3 | Regulation of insurance | INSU 209 | This course outlines the regulatory framework governing insurance, including the laws enacted by the legislative authority and the regulations implemented by regulatory bodies overseeing insurance companies. |
| 4 | Fundamentals of Insurance law | INSU 204 | This course provides a practical approach to applying the legal frameworks that regulate the insurance sector, enabling students to connect theoretical knowledge gained from previous courses with real-world practice. □ |
| 5 | Application Insurance law | INSU 304 | This course offers a detailed study of the principles of insurance law, enabling students to understand how insurance operations are legally conducted. |
| 6 | Innovation Management | MGMT 309 | This course involves supervising students on their innovative projects, guiding them in submitting required |

| | | | |
|----|--|----------|--|
| | | | assignments, and evaluating their performance. |
| 7 | Entrepreneurship | BUS 381 | This course, under the College of Business Administration, is delivered primarily through e-learning. However, instructors are required to conduct synchronous lectures to explain assignment submission procedures, provide additional teaching, administer quizzes via Blackboard, and evaluate students' assignments with feedback. |
| 8 | Principles of Business Management | MGMT 207 | This course introduces the fundamental principles of effective and successful management, presenting relevant theories and their applications through student projects. It also equips students with essential leadership skills, effective communication techniques, and knowledge of different organizational structures and institutions. |
| 9 | Field Training Course | TR | This course involves supervising students during their field training period, reviewing weekly reports, and assessing their final presentations upon completion of the training. |
| 10 | Application of Insurance Law and Regulations | INSU 212 | This course combines theoretical knowledge of insurance regulation, including the responsible regulatory bodies, with the practical application of insurance law in the Kingdom of Saudi Arabia. |

Postgraduate
