1. IAU Launches Qoot Campaign

IAU Launches Qoot Campaign for Ramadan Baskets for the Eighth Year.

Imam Abdulrahman Bin Faisal University in Dammam, represented by the Directorate of Community Partnership, launched the "Qoot" campaign for Ramadan baskets in its eighth year as part of the efforts of the voluntary "Tadaffuq" team from 13 February to 22 March 2023 under the umbrella of the community partnership with Al Ber Association in the Eastern Province to manage the reception of in-kind donations as a competent entity and across its headquarters in the Eastern Province.

The Director of the Community Partnership, Mrs. Najah Al Mihemid, explained that this campaign continues its societal impact for the eighth year in the path of virtuousness under the slogan "Mercy is the perfection of natural instinct" as part of the Director's efforts to promote the culture of volunteerism, create a spirit of giving among members of society, develop and invest in youth capacities by providing opportunities to participate in the implementation of the campaign, prepare Ramadan baskets and intensify efforts to expand the reach of beneficiaries in addition to the Department's efforts to activate community partnerships with various entities and motivate them to contribute as donors and participate in this charitable project in order to achieve the common goal of promoting religious values and principles of social solidarity and serving society and the country.

The Secretary-General of Al Ber Association in the Eastern Region, Dr. Yusuf Al-Rashid, explained that the campaign is an extension of the efforts of Imam Abdulrahman Bin Faisal University in the service of society and affirms the active role of the University in the development of society, stating that the Association is keen to cooperate with its partners in the service of families benefiting from the services of the Association. Faisal Al-Masnad, the Association media spokesman, said that the Association begins to distribute campaign's baskets annually to the eligible families after studying their situation and ascertaining their entitlement through a specialized social research team. It also ensures that volunteers participate in the distribution of baskets and guide them and train them to deal with the beneficiary in order to preserve his/her dignity and also preserve the rights and duties of the volunteer.

2. IAU Provides Winter Clothing for 2,300 Families in the Eastern Region

Imam Abdulrahman bin Faisal University implemented a winter clothing campaign in its third year under the slogan (Our clothing is unity), organized by the Deanship of Community Service and Sustainable Development with its volunteer team, in cooperation with the success partner, the Deanship of Human Resources and Social Development, where the campaign received wide participation from various IAU colleges and community members, as it concerned with collecting in-kind food and winter donations in support for the beneficiaries of charitable organizations, including National Committee for Care of Prisoners and Their Families, and the Al-Ber Society in the Eastern Region, at the headquarters prepared to receive donations in the University City in Al-Rakah.

Dean of Community Service and Sustainable Development, Prof. Fatima Abdullah Al-Mulhim, indicated that the campaign this year aimed to meet the nutritional and winter needs of blankets, winter clothes and foodstuffs, as they were distributed individually to each family separately, for about 2,300 families by providing 13,729 winter clothes. The campaign aimed to enhance the value of giving and solidarity as one of the most important pillars of Saudi society and to promote the culture of volunteering to invest youth energies in community service through the volunteering team, which was hosted by the Deanship of Students, directly supervising

several their activities and volunteer programs directed to community service. Those who carried it upon themselves to achieve the mission of the university in the service of society. Where 33 volunteer opportunities were offered through the university's account in the volunteering platform to attract volunteers from the university's employees and the community as well to activate their roles as contributors to the success of the campaign's work, where more than 280 volunteers participated.

She explained that the work mechanism for preparing the clothes was implemented in accordance with the precautionary measures, starting with receiving donations in-kind, sorting, maintaining and storing them, then disbursing them to the beneficiary families through the competent disbursement authorities through an experienced and efficient team, characterized by seriousness and effectiveness in this field.
