Alignment of College Permanent Goals with College Strategic Goals

Goal 1: Ensure high quality knowledge and educational services, and state-of-the-art resources and facilities
Goal 2: Create a culture of research and design excellence, which drives innovation in science and professional practice
Goal 3: Expand and enhance collaborative engagement with community and strategic partnership with selected institutions
Goal 4: Recruit and retain excellent faculty and staff to enhance positive contribution to the college's growth and development
Goal 5: Enhance the infrastructure, and train the faculty and graduates, to contribute for the achievement of a sustainable built environment
Goal 6: Develop and implement Quality Management and Risk Management systems.
Goal 7: Develop and expand financial resources to support academic and administrative activities.
Goal 8: Enhance the information technology, computer and software facilities.
