

The approved funded project,2103 ( College Of Education ) .

#	Project #	Title of Project	PI	Duration	Total Requested Budget
1	2013045	Synthesis, characterization of nano carbon fiber/ion exchange polyurethane foam composite and its application for kinetic thermodynamic and equilibrium studies in determination of gold and platinum ions	Ishaq Fath El Rahman Ahmed	One Year	45600
2	2013076	The effectiveness of a training program for developing some skills verbal and social interaction among a sample of learning Altouhdinalkablín	Abdelrahman Mohamed	One Year	26600
3	2013054	Habits of Mind, its relation to hemispheric dominance among girls university students and its effects on their achievement	Neama Abdelsalam Hassan	One Year	20000
4	2013057	The accuracy of predicting saudi university students' academic success	Amani K Alghamdi	One Year	2600
5	2013174	Preparation and study of the physical properties and microbial effectiveness of some antibiotics metallic as a model for the design of pharmacological	Ahmed Ibrahim Elshenawy	One Year	36400
6	2013152	Chemical and physical studies on charge transfere compounds between amino acids and iodine and its application on industry of non classic organic conductors	Fathy Abdulfattah Ahmed	One Year	91400
7	2013110	Establishment and application of plasma disinfection technology in Eastern Province, Saudi arabia	Waleed Othman Othman	Two Years	197800
8	2013157	Correlation between ultrasonic attenuation and compositional parameters of glasses	Amin Abd El-Moneim Ibraheim	One Year	16400
9	2013240	Study of some optical properties of chalcogenide thin film Se-Ge-Ag Glass	Essam Gamal Ibrahim	One Year	67900
10	2013048	Asymptotic stability for the Lane system with infinite memories in bounded domain	Ahmed Bchatnia	One Year	26400
11	2013173	Synthesis and characterization of some selenium nanometric compounds: spectroscopic, biological and antioxidant assessments	Aly Hussein Mahmoud	One Year	96550
