## Program Duration & Structure MBA–Corporate Finance

### About The Program

At the College of Business Administration, we offer two Master of Business Administration (MBA) programs :a coursework-based MBA with specialization in corporate finance and a coursework-based MBA with dissertation. Both programs are designed for students with different job market orientations and career objectives.

The MBA corporate finance track covers the full spectrum of business topics, including management, leadership, and strategy. It also has unique features such as high flexibility and application focus. This allows students to specialize in the management domains of their choice, such as corporate finance applications, investment & portfolio management , and analysis of financial statements.

Our MBA program has been designed and benchmarked against top MBA programs around the world. This ensures that our students receive a world-class education that prepares them for success in the global business landscape
