**A flare-up caused by
lack of follow-up**

**With every follow-up, the
condition improves**

**Consistent monitoring
is the key to effective
treatment**

Your body deserves care .. Don't skip your appointments

Psoriasis requires commitment...
Every missed appointment may delay
your improvement.

- ✓ See your doctor regularly
- ✓ Stick to your treatment plan

Working together... for better control of psoriasis

Managing psoriasis isn't done alone
it requires your commitment, support
,from those around you
.and regular follow-up with your doctor

With a **follow-up step** you avoid relapse

Without follow-up... the path breaks
