1. Female Students crowning ceremony

Crowning ceremony for the female students who won first place in the university championships for individual and university sports, for the fifth season of the university championships. 29 individual competitions and 8 group competitions were crowned.

With the aim of

- Honoring and supporting female students who win university championships.
- Motivating female students to participate in sports activities.

2. Blood donation campaign for female students

Praise be to God, the blood donation campaign has been concluded. It is a voluntary campaign to encourage female students, university staff, and local community women to donate blood by educating them about the importance and benefits of blood donation, as the percentage of female blood donations in Saudi Arabia is only 3% compared to the average female donation in the world of 33%.

7. Sports activities for girls with Disabilities

The activity included sports activities and competitions with the aim of spreading an atmosphere of fun, happiness and social interaction among girls, as girls with disabilities are part of society like any other normal person, and one of the most important factors in changing people with disabilities for the better is for others to accept them and treat them as normal people without discrimination between them.
