## 2. World Sickle Cell day

The happiness of your family begins with a healthy marriage

Event : 19 June 2022

This PDF webpage is developed by health awareness unit of the KHFU, IAU. It explains about the occasion of "World Sickle Cell Anaemia Day", where Sickle cell anaemia is an inherited blood disorder affecting red blood cells. This page alerts about an early examination before marriage helps one choose the right partner and give birth to healthy generations of genetic blood diseases.

### 3. World Thalassaemia day

“World Thalassaemia day” Where there is a family history of Thalassaemia in the family.

Discussion with a genetic Counselor

This PDF webpage is developed by health awareness unit of the KHFU, IAU. It explains about the occasion of "World Thalassaemia Day". This page alerts about the importance of family history of thalassaemia (inherited blood disorder) in the family. It advises the public to consult a genetic counselor to help determine and prevent the risk of transmission of disease to children.

اليوم العالمي  
للتلاسيميا

عند وجود تاريخ عائلي  
للتلاسيميا في العائلة

يمكن التحدث إلى مستشار الوراثة  
للمساعدة على تحديد خطر انتقال المرض  
إلى الأطفال والوقاية منها
